

LEASHES OF VALOR

24144 Sparta Road • Milford VA • 22514

Leashes of Valor Fact Sheet

- Leashes of Valor is located on a 20 acre farm in rural Virginia, where we have our live in facility for our Warriors and Service Dogs.
- At max operation our facility will be graduating 4 Service Dog teams per month.
- Training a Service Dog is expensive, costing upwards of \$20,000 per dog. This is due to the long period of time necessary to train these dogs. Factoring in food, boarding, training time, vet bills, and numerous other miscellaneous costs. Leashes of Valor does everything we can to keep these costs down. We do this through donations and partnerships to ensure these highly trained dogs are free of charge to our Nations Heroes. Please visit our Donation page to here to help.
- Leashes of Valor is involved with numerous NGO's and Government Agencies regarding Service Dog and Military Working Legislation to provide assistance to our Military Veterans both two and four legged.
- Leashes of Valor is a non-profit founded by Dozer and Axel LLC. In May of 2017. Our three founders are Danique Masingill, Jason Haag and Matthew Masingill who are all United States Military Veterans with over 40 years of active service between the three.
- All three Founders bring a unique and different perspective for Leashes of Valor, all of which has lead the organization to become a highly successful and uniquely qualified Veterans service provider.
- Danique our President has been involved with MWD's since 2006 when she adopted her own MWD Ben. This has driven her passion to help our four legged heroes ever since. She has since forged a path to help as many Military Working Dogs as she can. This desire has forged the way for our DUSTOFF program to help our Four legged Warriors. Our President fire truly inspires and has even flown as far away as Italy to retrieve one our Military Working Dogs so he could be retired on US soil and be with his former handler.
